

Generator de curent monofazat Energy 5500 ME, starter electric

Specificatii tehnice:

Greutate (kg)	57
Putere generator (kVA)	5,0
Curent alternator 230V/400V (A)	21,7/-
Model motor	Subaru, EX 27
Combustibil	Benzina
Putere motor (CP)	9,0
Capacitate cilindrica (cm³)	265
Capacitate rezervor (l)	6,1
Consum la 75% (l/h)	1,6
Dimensiuni LxIxH (mm)	750X500X550
Dotari standard	priza Schuko 230V, starter manual, starter electric + acum. 12V, senzor lipsa ulei, filtru combustibil, protectie termica

AVANTAJE:

- Protectie totala impotriva scurtcircuitelor prin sigurante automate;
- Cadru metalic de protectie, foarte rezistent, vopsit in camp electrostatic.

APLICATII:

- Produce curent electric monofazat necesar in constructii, industrie, comert, agricultura;
- Reprezinta alternativa optima in lipsa conectarii la o retea de electrificare.
