

## Generator de curent trifazat Energy 16000 TE

### Specificatii tehnice:

<b>Greutate (kg)</b>	147
<b>Putere generator (kVA)</b>	16,0
<b>Curent alternator 230V/400V (A)</b>	40,0/23,1
<b>Model motor</b>	Subaru EH 72 DHS
<b>Combustibil</b>	Benzina-4 timpi
<b>Putere motor (CP)</b>	25,0
<b>Capacitate cilindrica (cm<sup>3</sup>)</b>	720
<b>Capacitate rezervor (l)</b>	20,0
<b>Consum la 75% (l/h)</b>	4,1
<b>Dimensiuni LxIxH (mm)</b>	1070 x 695 x 560
<b>Dotari standard</b>	priza 230 V, priza 400 V, starter electric, acumulator 12 V, senzor lipsa ulei, filtru combustibil, protectie termica, rezervor marit

### AVANTAJE:

- Protectie totala impotriva scurtcircuitelor prin sigurante automate;
- Cadru metalic de protectie, foarte rezistent, vopsit in camp electrostatic.

### APLICATII:

- Produce curent electric monofazat si trifazat necesar in constructii, industrie, comert, agricultura.
- Reprezinta alternativa optima in lipsa conectarii la o retea de electrificare.
