

Generator de curent trifazat Energy 9000 T

Specificatii tehnice:

| | |
|---|---|
| Greutate (kg) | 81 |
| Putere generator (kVA) | 8,5 |
| Curent alternator 230V/400V (A) | 21,2/12,3 |
| Model motor | Subaru EX40 |
| Combustibil | Benzina-4 timpi |
| Putere motor (CP) | 14 |
| Capacitate cilindrica (cm³) | 404 |
| Capacitate rezervor (l) | 7,0 |
| Consum la 75% (l/h) | 2,2 |
| Dimensiuni LxIxH (mm) | 840 x 550 x 650 |
| Dotari standard | priza 230 V, priza 400 V, starter manual, senzor lipsa ulei, fitru combustibil, protectie termica |

AVANTAJE:

- Protectie totala impotriva scurtcircuitelor prin sigurante automate;
- Cadru metalic de protectie, foarte rezistent, vopsit in camp electrostatic.

APLICATII:

- Produce curent electric monofazat si trifazat necesar in constructii, industrie, comert, agricultura.
- Reprezinta alternativa optima in lipsa conectarii la o retea de electrificare.
